Total Sales

\$5.04M

Sum of Total Sales. The data is filtered on Action (Product Category) and Action (City). The Action (Product Category) filter keeps 8 members. The Action (City) filter keeps 10 members.

**No of Cate-
gories**

8

Distinct count of Product Category. The data is filtered on Action (Product Category), which keeps 8 members.

Total Orders

5,000

Count of Order ID.
The data is filtered on
Action (City), which
keeps 10 members.

Total Cus-
tomers

5,000

Distinct count of Customer ID. The data is filtered on Action (Age Range), Action (Product Category) and Action (City). The Action (Age Range) filter keeps 4 members. The Action (Product Category) filter keeps 8 members. The Action (City) filter keeps 10 members.

Total
Discount

\$124K

Sum of Discount Amount. The data is filtered on Action (Product Category) and Action (City). The Action (Product Category) filter keeps 8 members. The Action (City) filter keeps 10 members.

Total Units
Sold

11,100

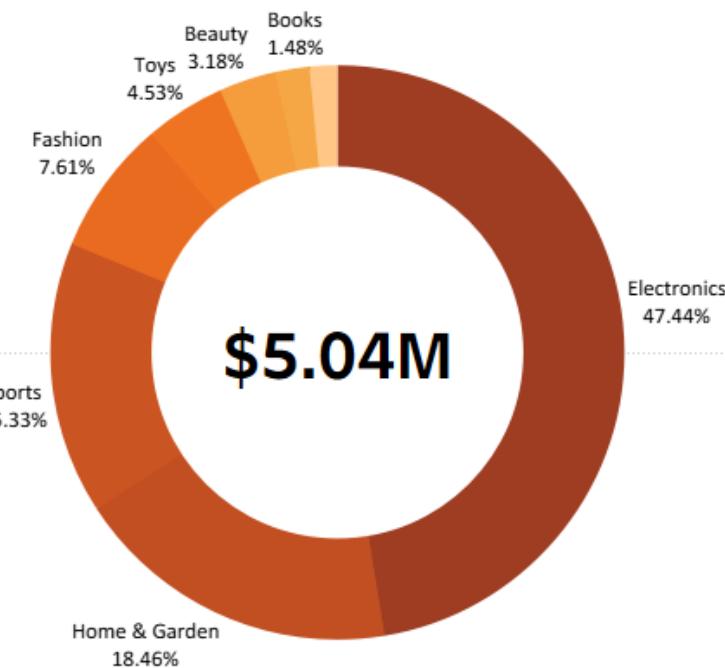

Sum of Quantity. The
data is filtered on
Action (Product
Category), which keeps
8 members.

Net Sales

\$4.9M

Sum of Total Amount.
The data is filtered on
Action (Product
Category), which
keeps 8 members.

MIN(0) and MIN(0). For pane MIN(0): Color shows details about Product Category. The marks are labeled by Product Category and % of Total Total Sales. For pane MIN(0) (2): The marks are labeled by sum of Total Sales. The data is filtered on Gender, Action (Age Range) and Action (Product Category). The Gender filter keeps Male. The Action (Age Range) filter keeps 4 members. The Action (Product Category) filter keeps 8 members.

Female Spend by Categories

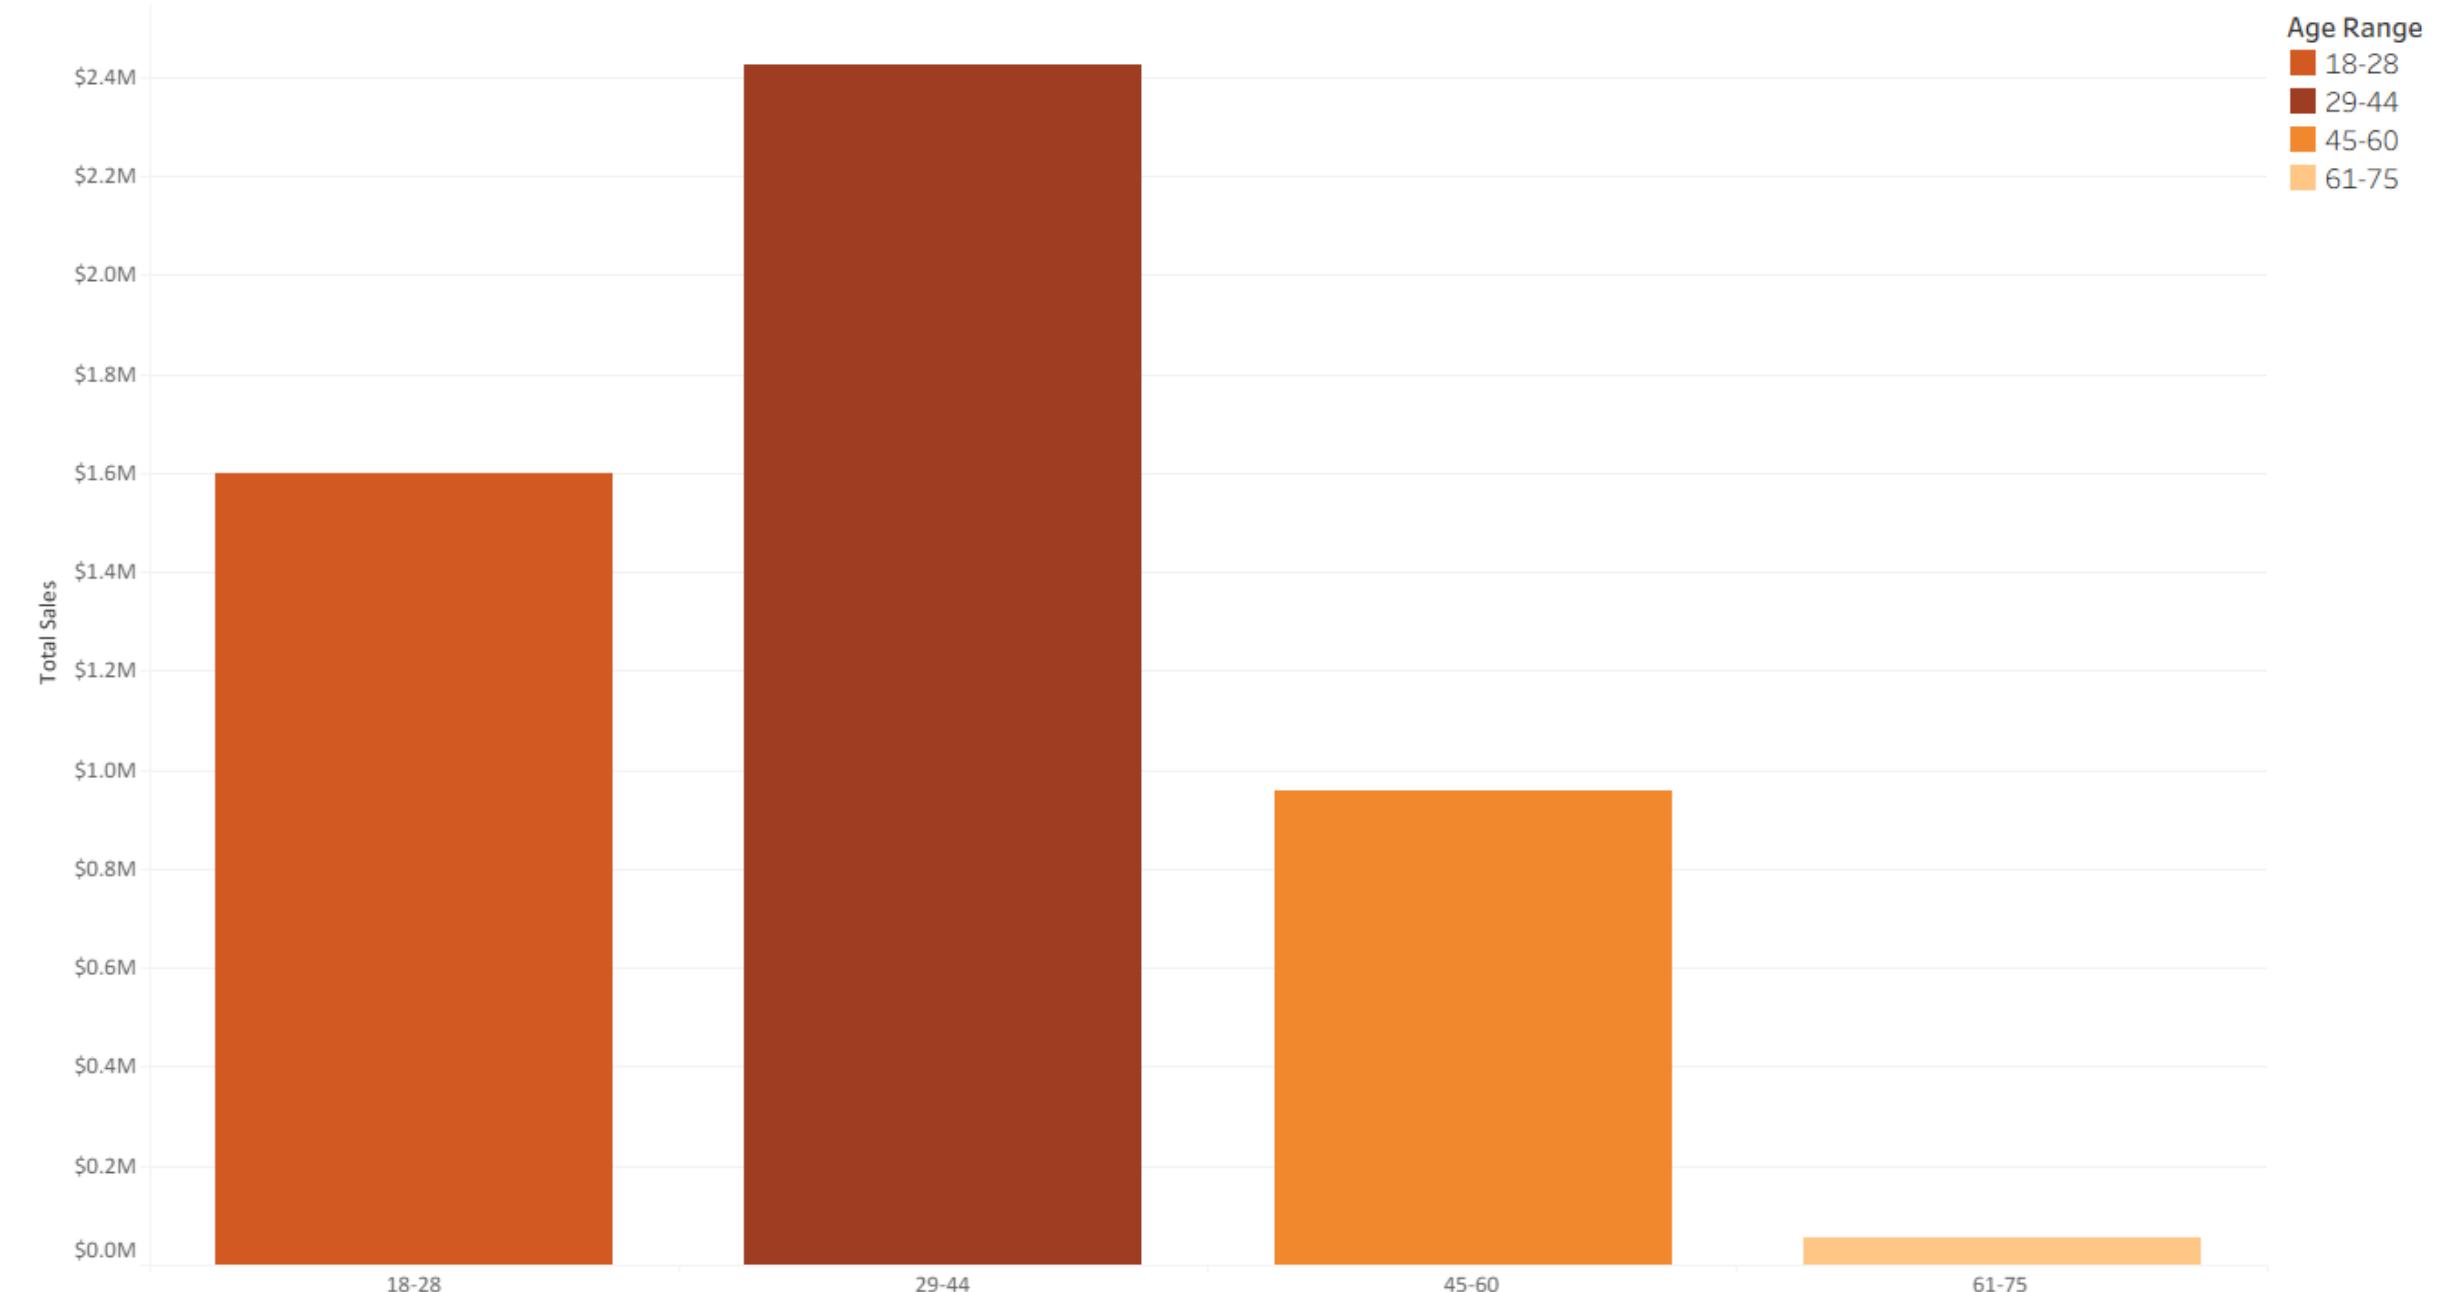

Product Category

- Electronics
- Home & Garden
- Sports
- Fashion
- Toys
- Beauty
- Food
- Books

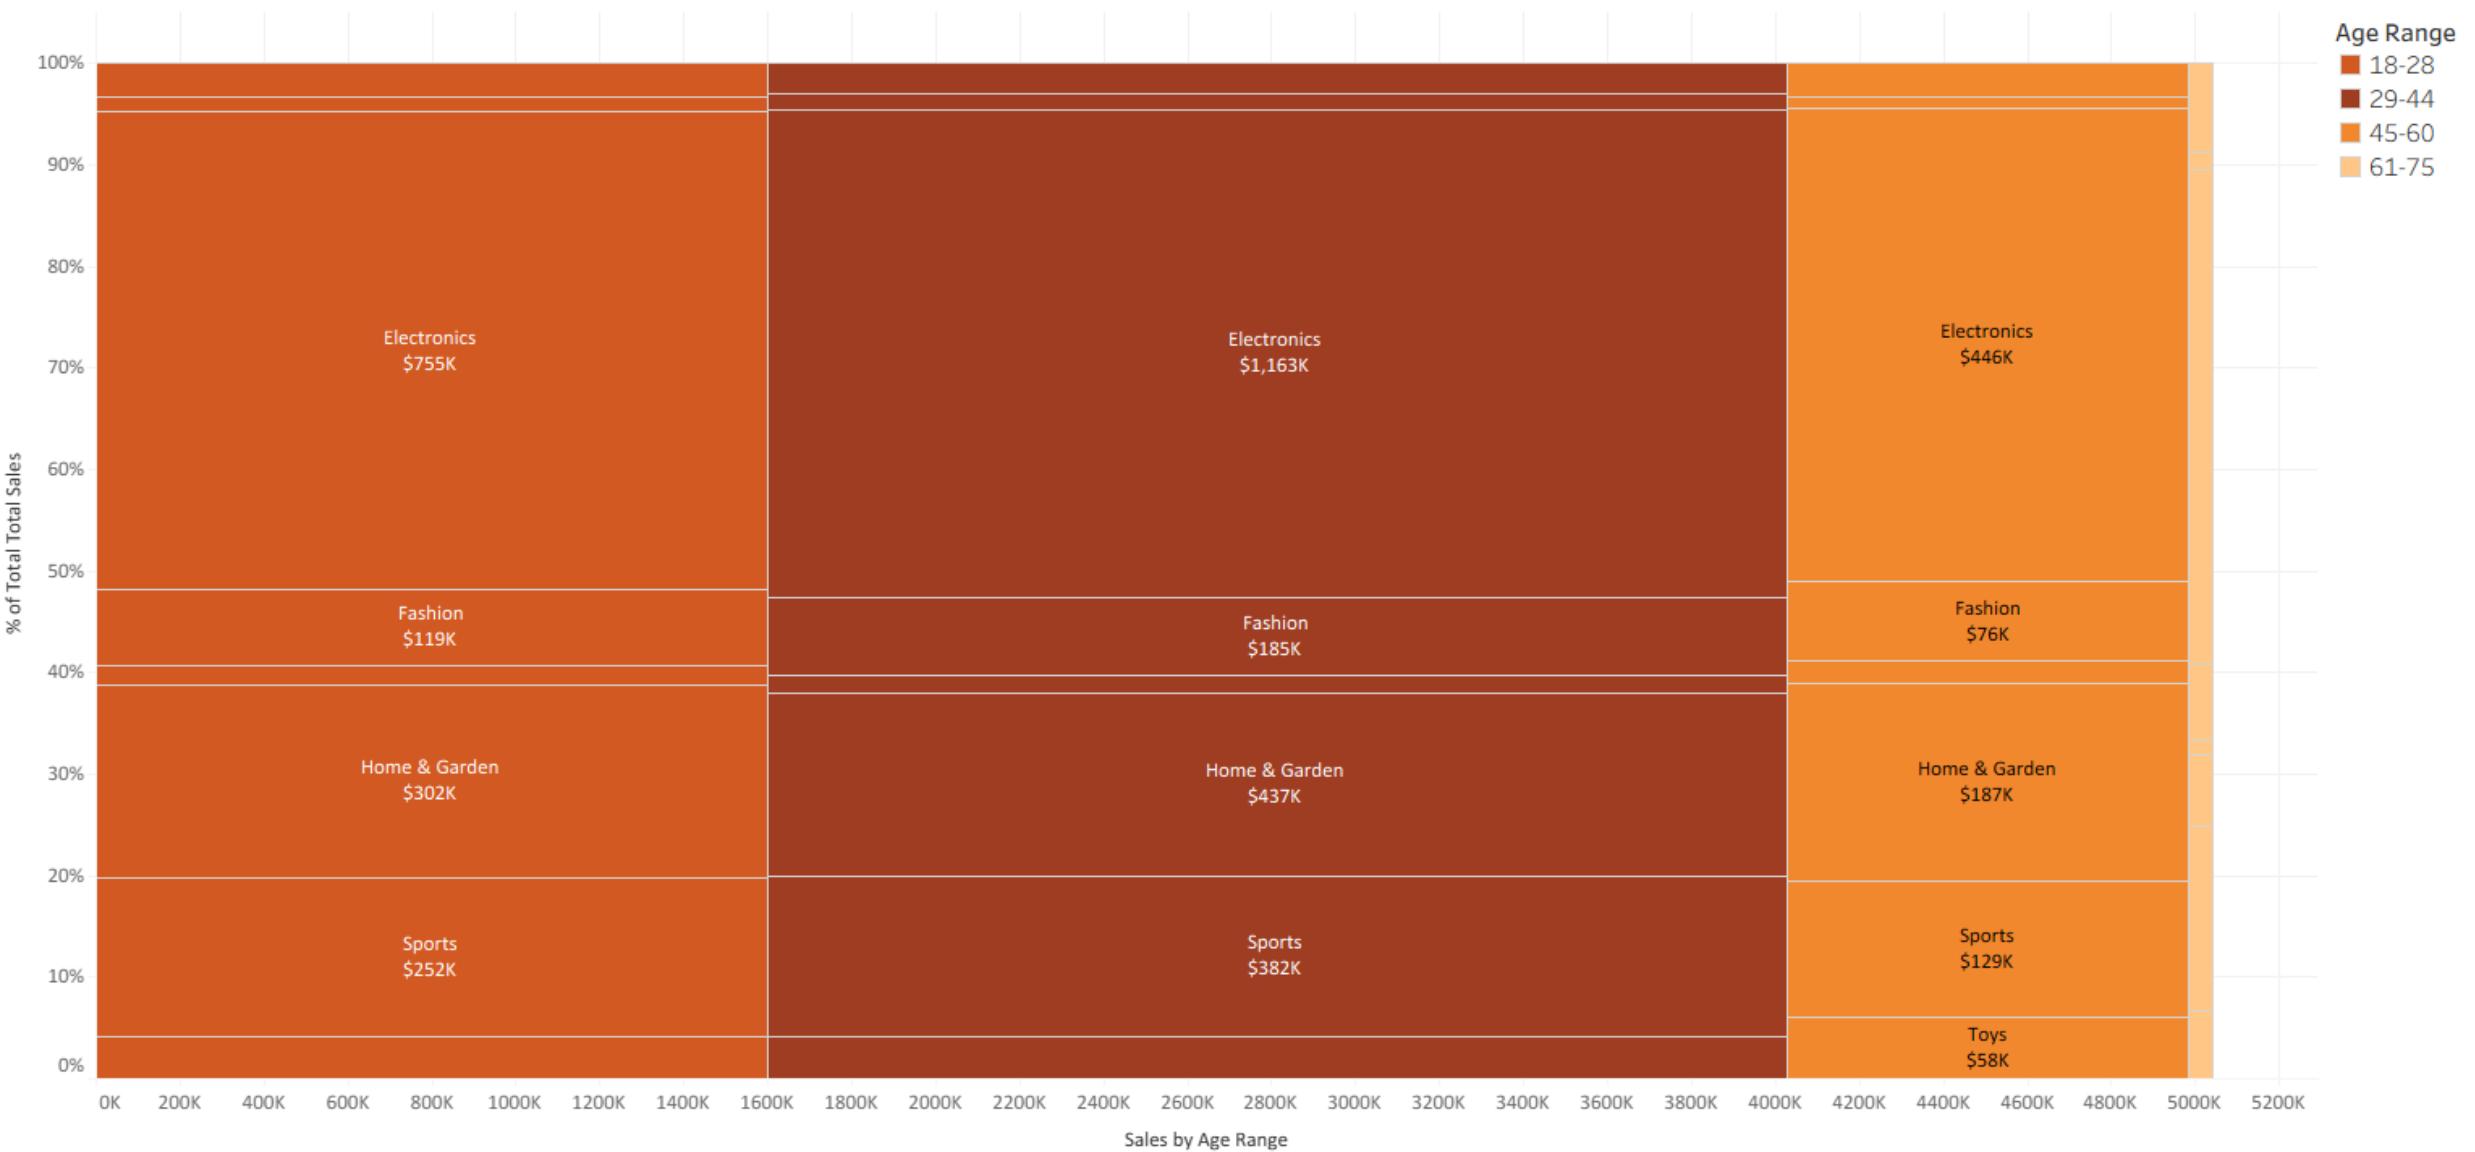

MIN(0) and MIN(0). For pane MIN(0): Color shows details about Product Category. The marks are labeled by Product Category and % of Total Total Sales. For pane MIN(0) (2): The marks are labeled by sum of Total Sales. The data is filtered on Gender, Action (Age Range) and Action (Product Category). The Gender filter keeps Female. The Action (Age Range) filter keeps 4 members. The Action (Product Category) filter keeps 8 members.

Sales by Age

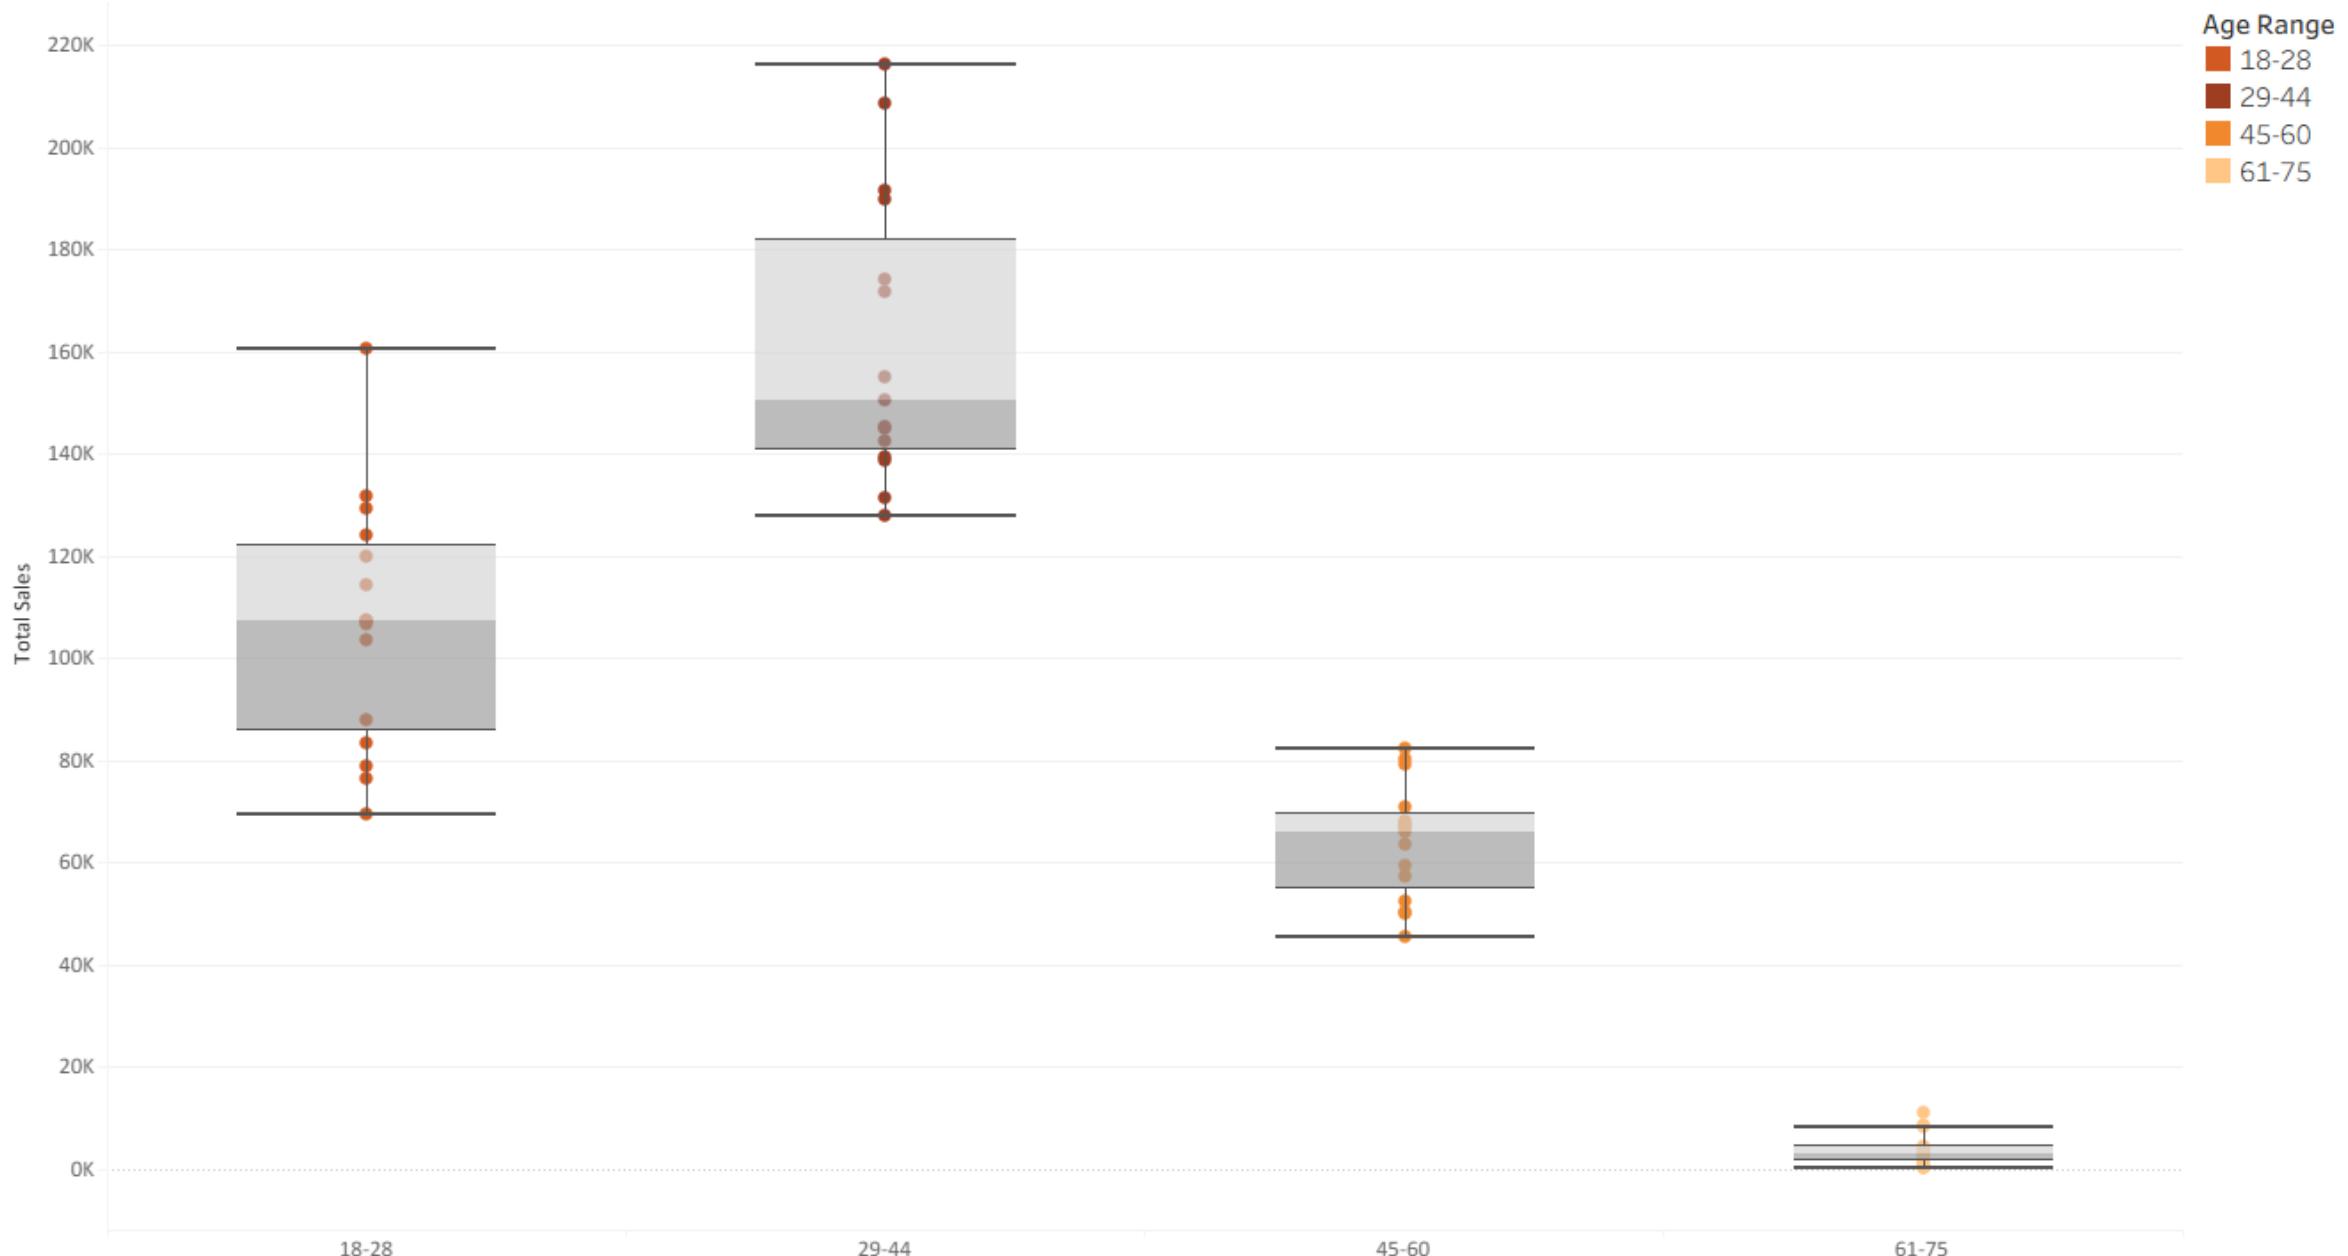

Sum of Total Sales for each Age Range. Color shows details about Age Range. The data is filtered on Action (Product Category), which keeps 8 members.

Age & Categories

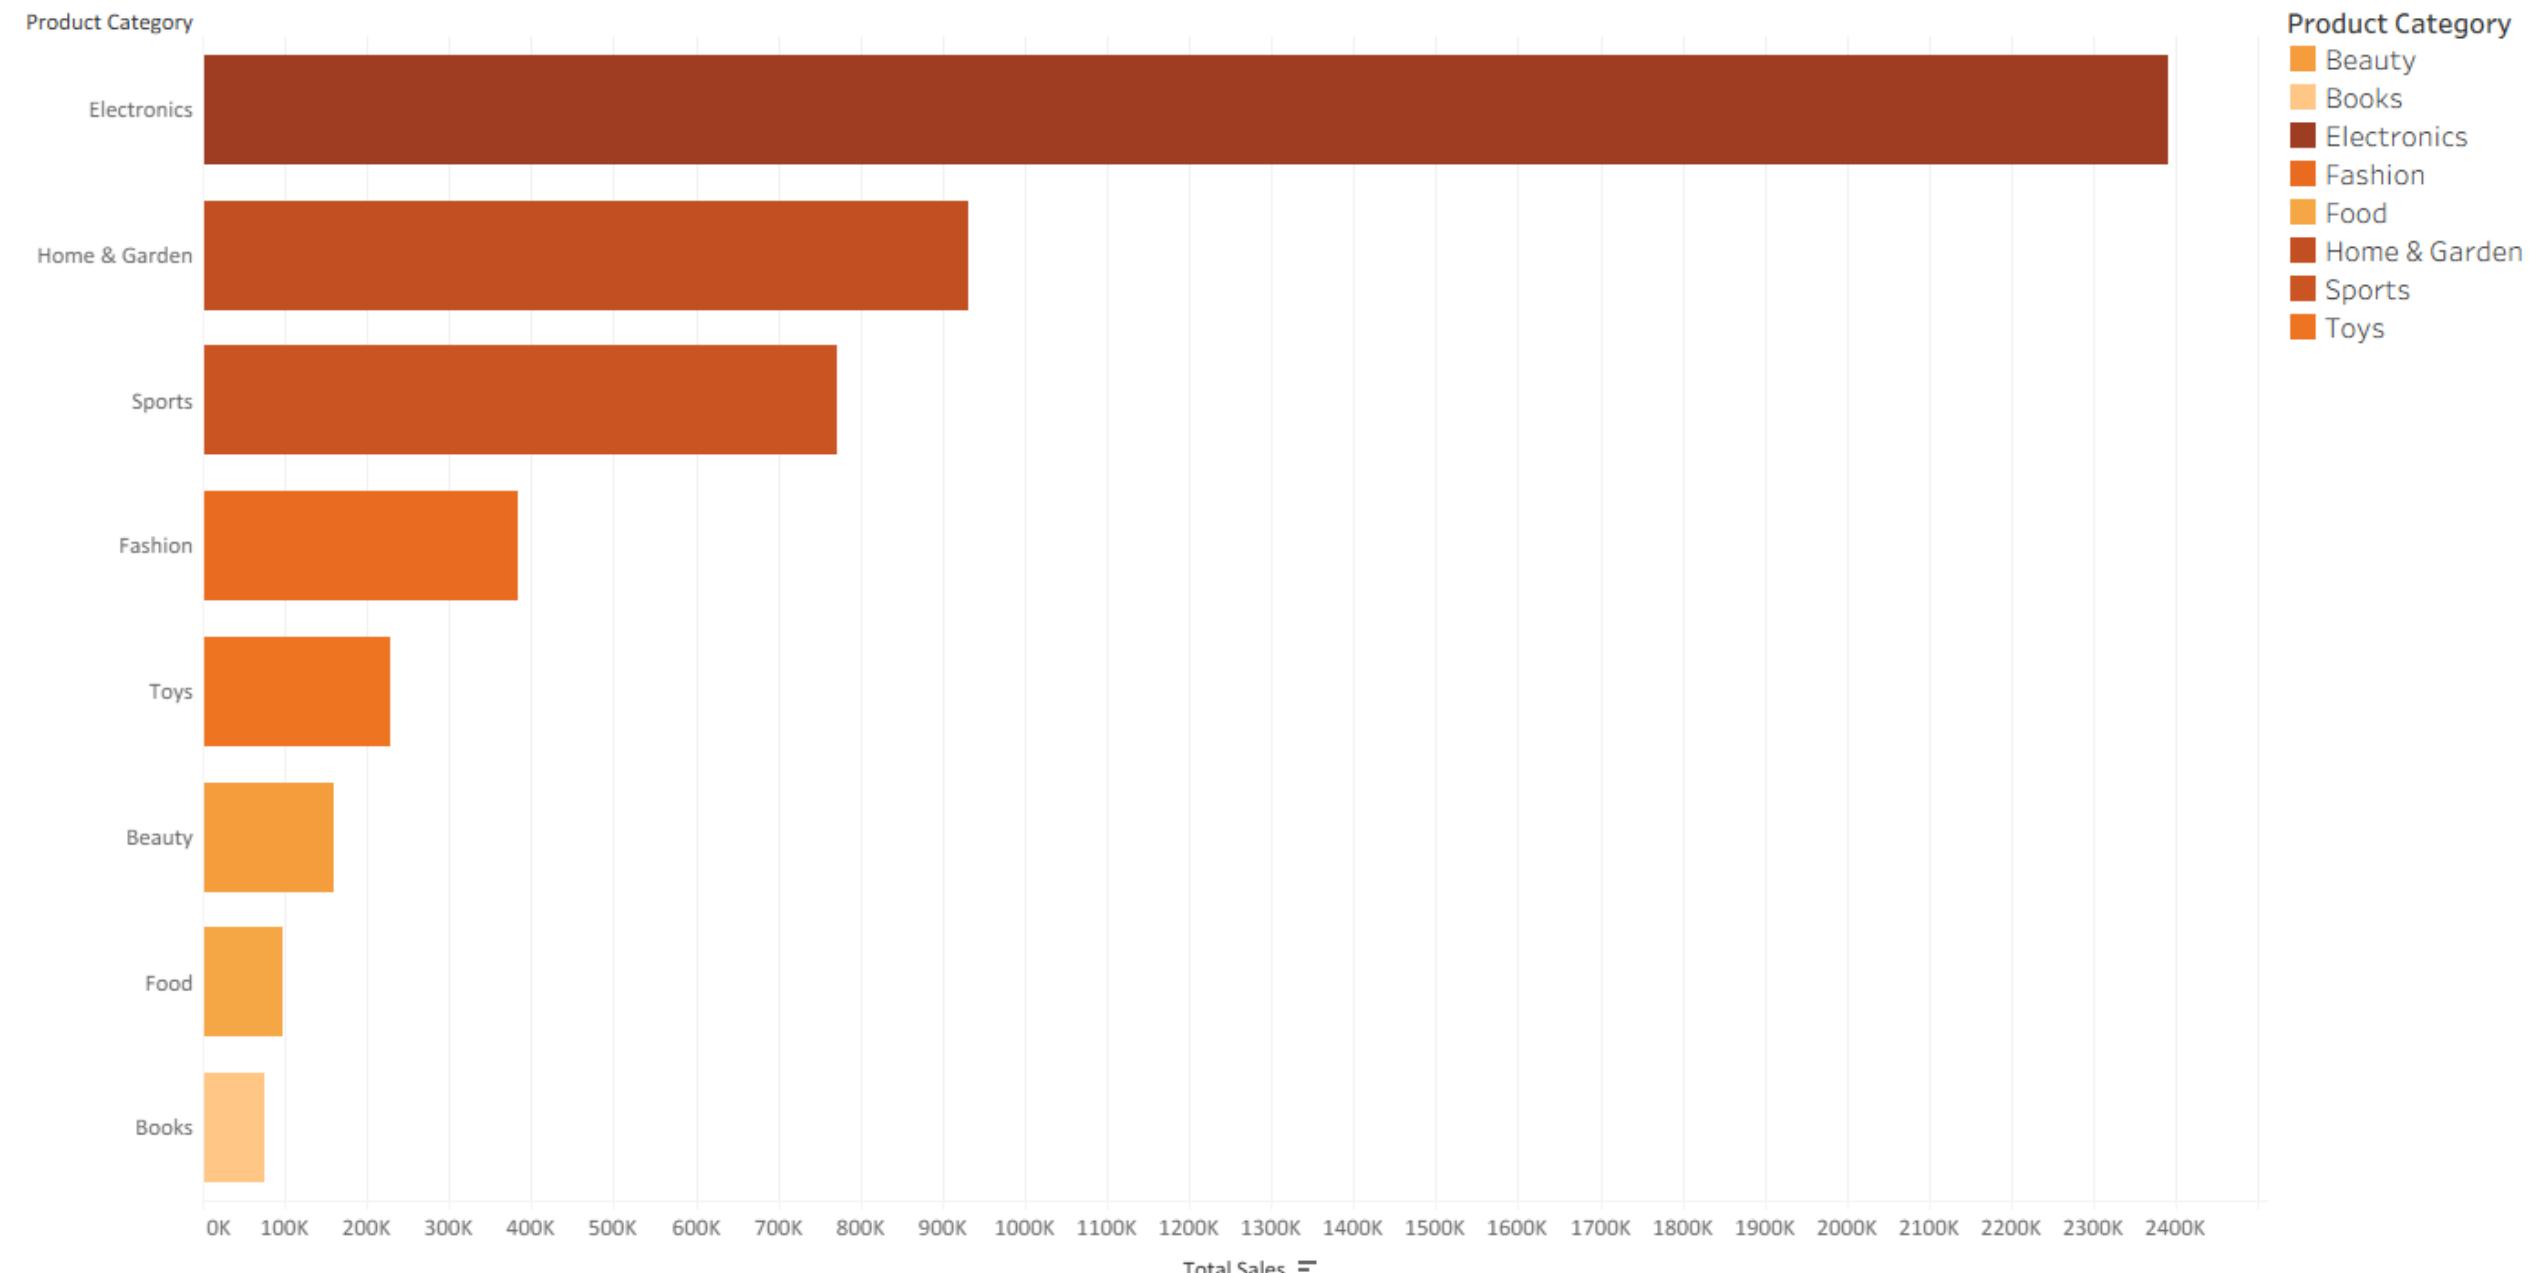

Sales by Age Range vs. % of Total Total Sales. Color shows details about Age Range. Size shows ATTR({EXCLUDE [Product Category]: SUM([Total Sales])}). The marks are labeled by Product Category and sum of Total Sales. Details are shown for Product Category. The data is filtered on Action (Age Range) and Action (Product Category). The Action (Age Range) filter keeps 4 members. The Action (Product Category) filter keeps 8 members.

Sales Trend by Age

Sum of Total Sales for each Age Range. Color shows details about Age Range. Details are shown for Date Month. The data is filtered on Action (Age Range) and Action (Product Category). The Action (Age Range) filter keeps 4 members. The Action (Product Category) filter keeps 8 members.

Sales by Categories

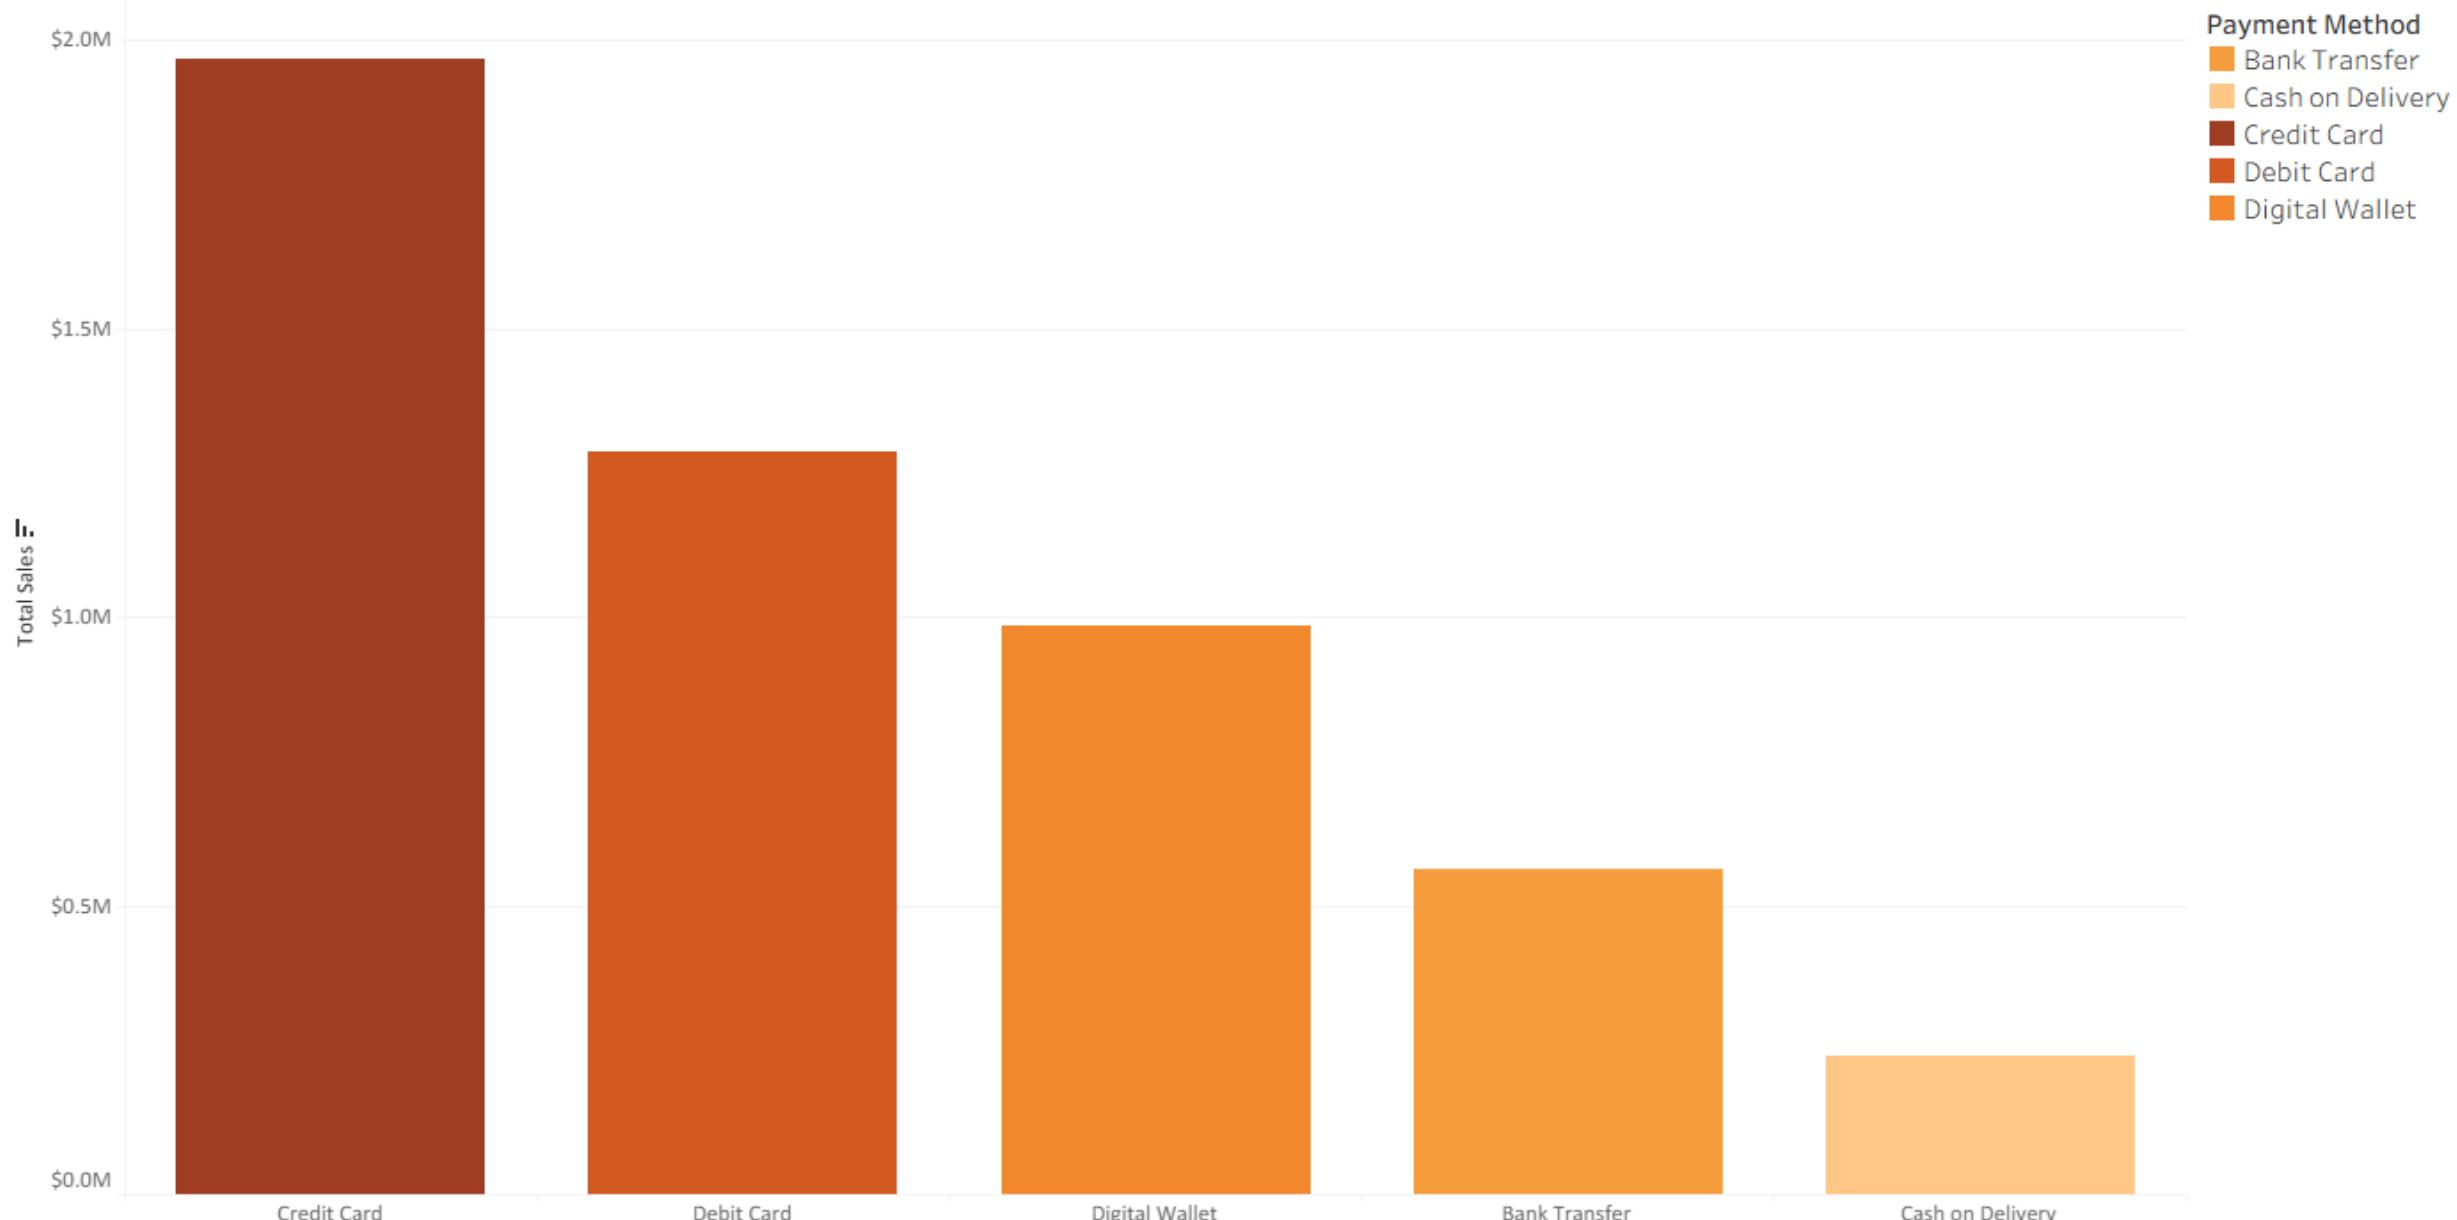

Sum of Total Sales for each Product Category. Color shows details about Product Category. The data is filtered on Action (Age Range), which keeps 4 members.

Top Sales by Customer

Customer ID	Gender	
CUST_04705	Female	\$22.0K
CUST_00061	Female	\$21.5K
CUST_01984	Female	\$21.4K
CUST_00525	Male	\$21.3K
CUST_03721	Male	\$20.7K
CUST_03174	Male	\$18.7K
CUST_02052	Male	\$18.7K
CUST_03494	Female	\$18.0K
CUST_00472	Male	\$17.3K
CUST_00642	Female	\$16.2K

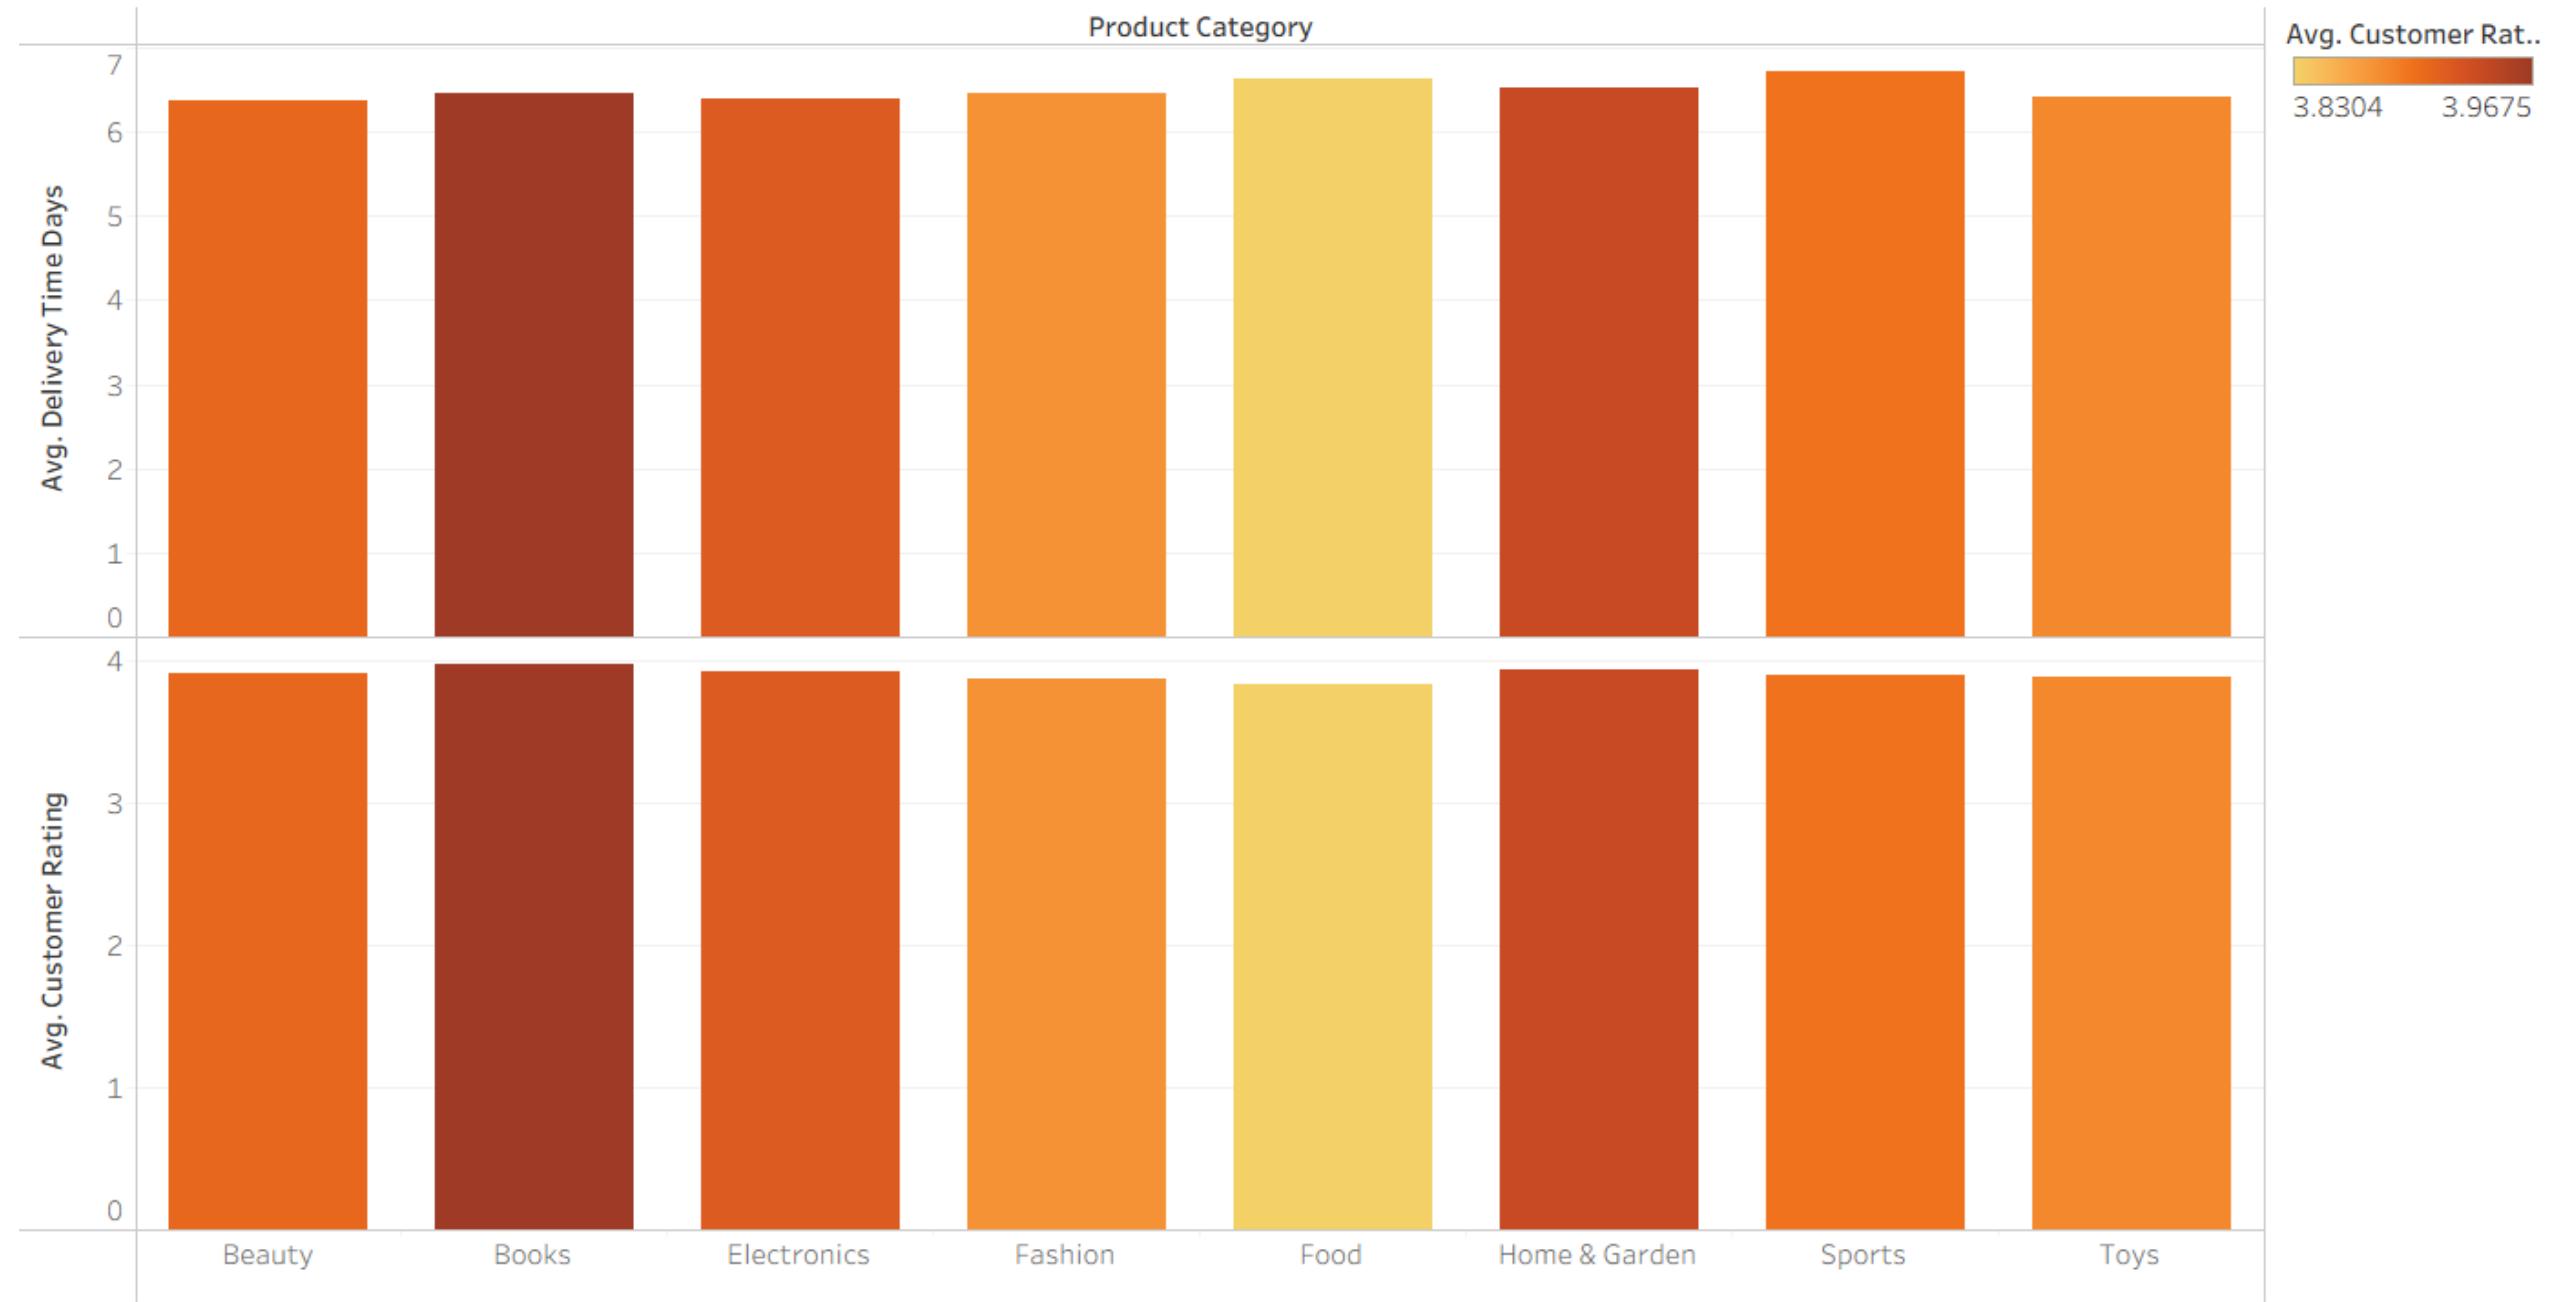

Sum of Total Sales broken down by Customer ID and Gender. The data is filtered on Customer ID Set, Action (Age Range) and Action (Product Category). The Customer ID Set filter keeps 10 members. The Action (Age Range) filter keeps 4 members. The Action (Product Category) filter keeps 8 members.

Sales by Payment Method

Sum of Total Sales for each Payment Method. Color shows details about Payment Method. The data is filtered on Action (Age Range) and Action (Product Category). The Action (Age Range) filter keeps 4 members. The Action (Product Category) filter keeps 8 members.

Delivery vs Rating

Average of Delivery Time Days and average of Customer Rating for each Product Category. Color shows average of Customer Rating.

Seasonal Trends

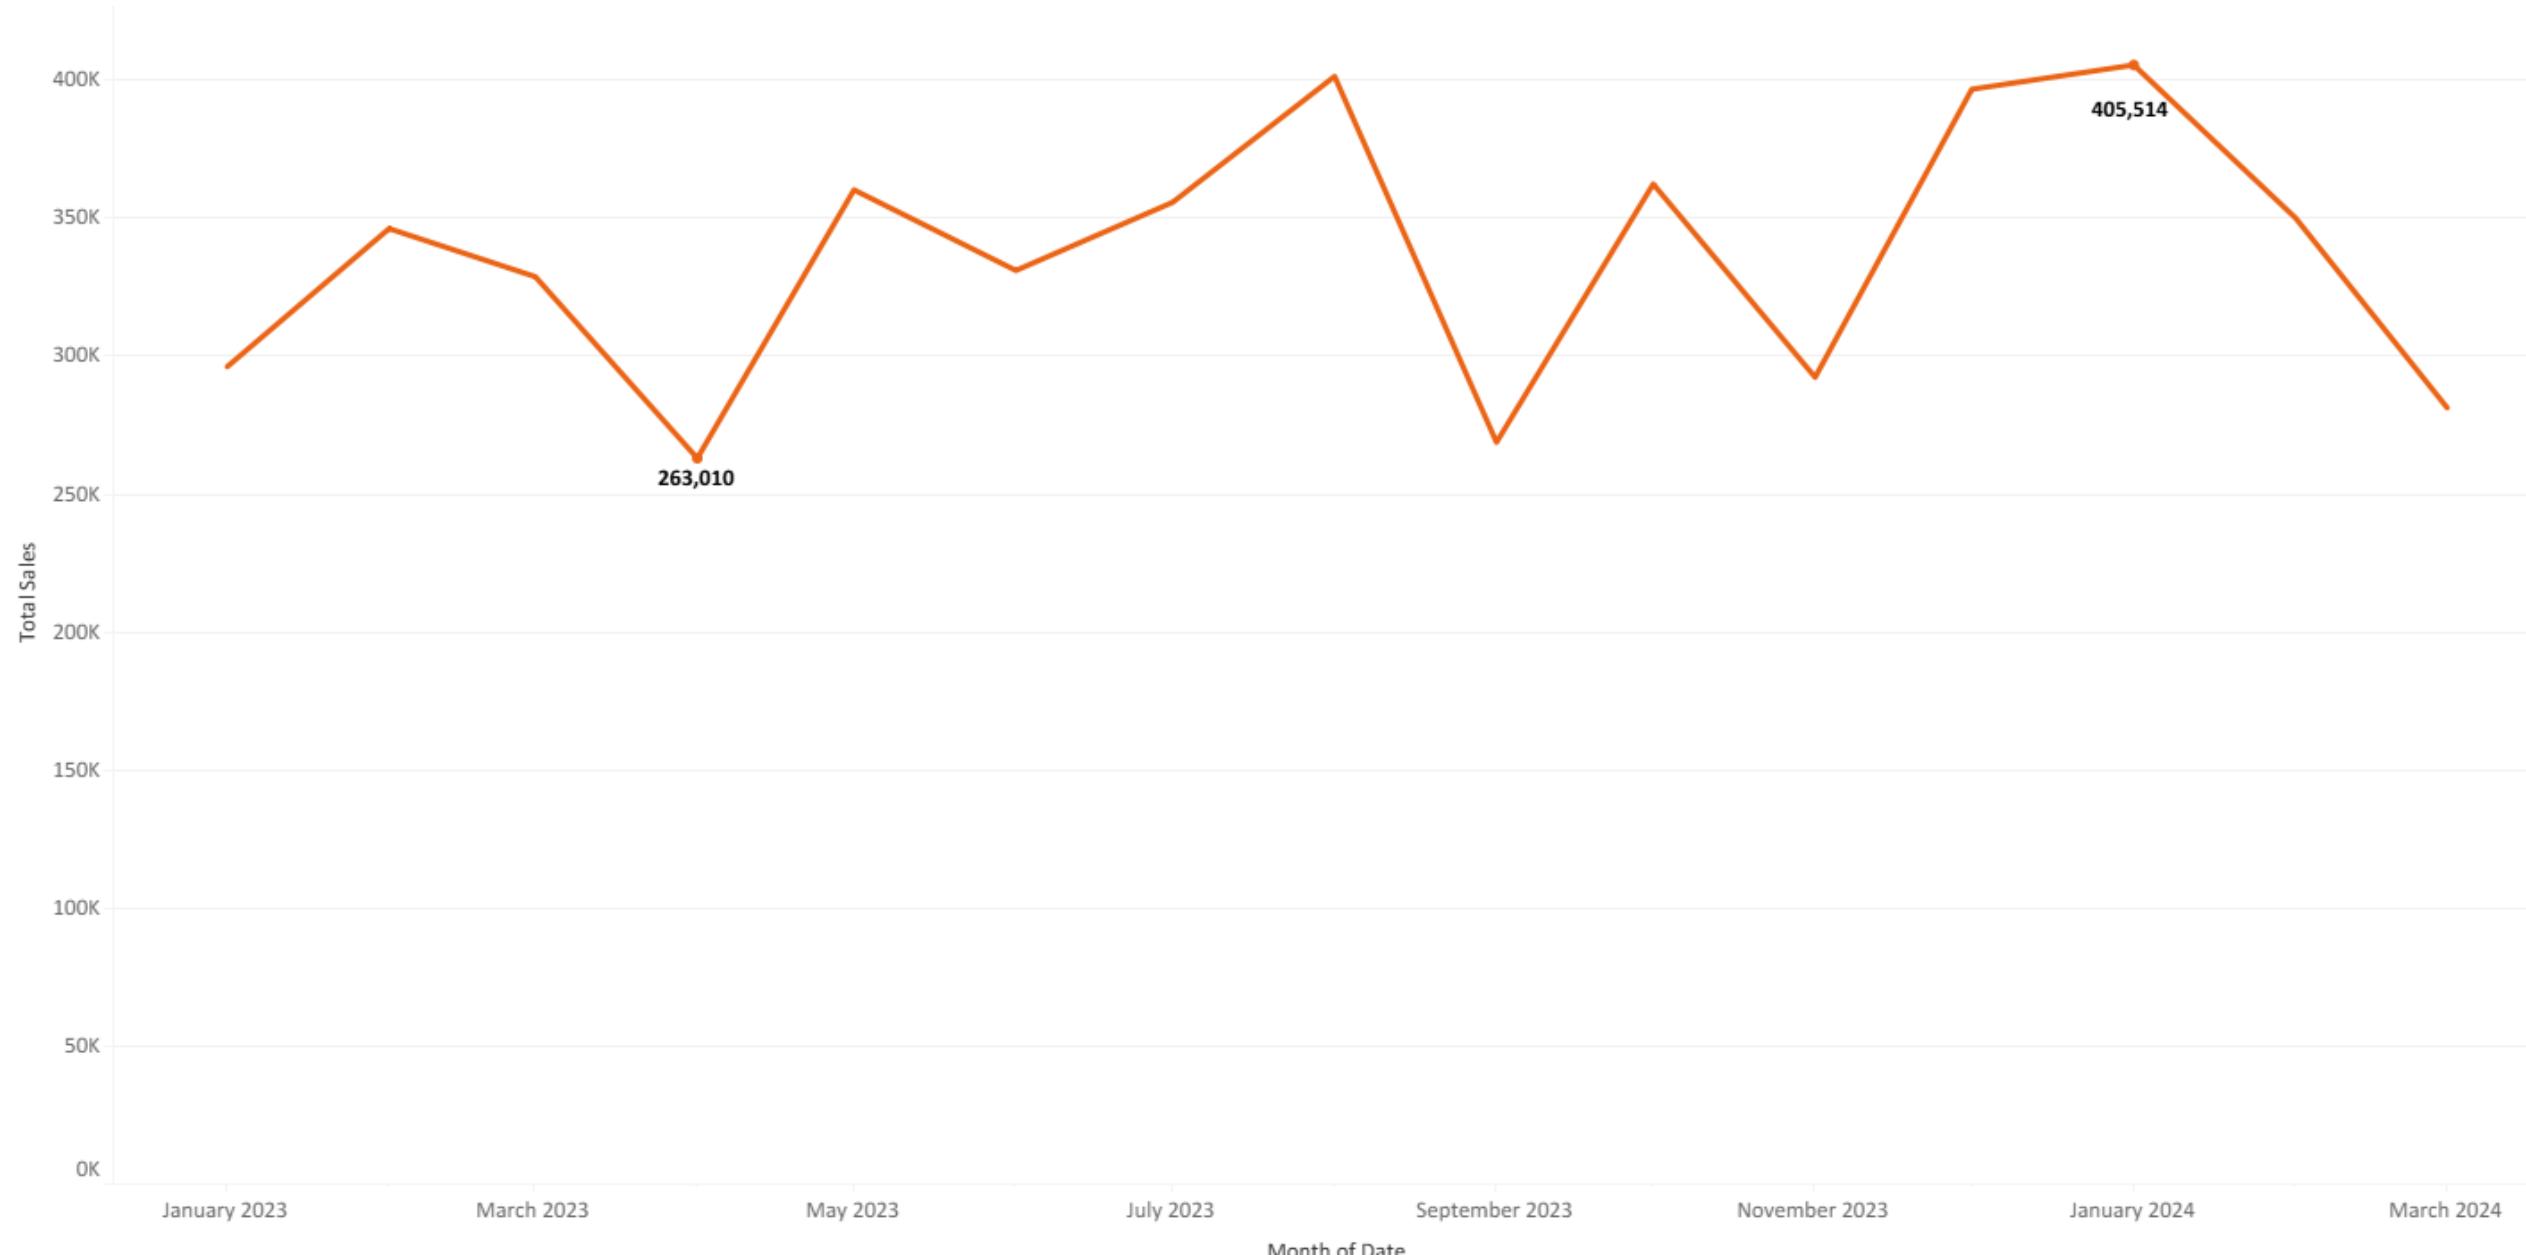

This line chart displays the monthly sales trends for eight different product categories. The Y-axis represents the Total Amount in thousands, ranging from 0K to 20K. The X-axis represents the months from January to December. Each category is represented by a distinct color: Beauty (orange), Books (light orange), Electronics (dark brown), Fashion (medium brown), Food (light orange), Home & Garden (dark brown), Sports (medium brown), and Toys (dark orange). The chart shows significant seasonal fluctuations, particularly for Electronics and Sports, which experience peaks during the holiday season.

Product..	Min Sales	Max Sales
Beauty	7,837.59	25,269.01
Books	2,636.02	12,651.9
Electroni..	95,453.03	354,309...
Fashion	20,662.29	46,746.34

E-Commerce Customer Behavior and Sales Dataset

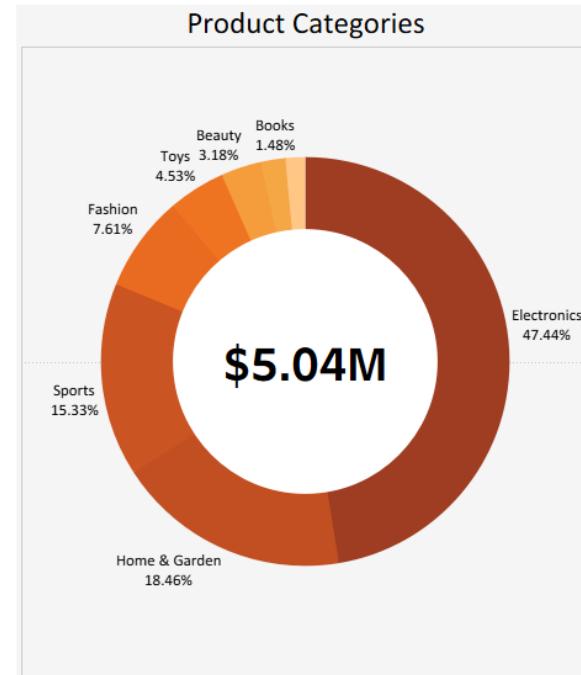

This comprehensive dataset contains 5,000 e-commerce transactions from a Turkish online retail platform, spanning from January 2023 to March 2024. The dataset provides detailed insights into customer demographics, purchasing behavior, product preferences, and engagement metrics.

This project focuses on two main points:

- Customer Analytics:** Highlights customer demographics (age range, gender), app usage behavior, ratings, returning customers, and potential customer segmentation to understand key user patterns and loyalty drivers.
- Product Analytics:** Examines how discounts influence sales performance and how delivery duration impacts customer ratings to identify factors affecting overall satisfaction and product success.
